LOCAL AND PERSONAL.

The Farmers' Union Warehouse this week installed a John Deere corn elevator for loading ear corn into cars. These elevators do the work so much more rapidly than can men with scoops that they are great time and labor savers. With so much grain to handle any thing that will facilitate the loading of it is very much in demand.

The Anvil Herald is pleased to acknowledge receipt of a season ticket to the great State Fair at Dallas, October 11 to 26th. The Fair promises to be bigger and better than ever this year. A visit to the Dallas Fair is always a treat to any one.

For Sale or trade, Dodge Sedan, excellent condition, 5 wire wheels, new rubber, new battery, shock absorbers, a bargain. Consider Ford runabout or milk cow as part trade. E. Richards, Lacoste.

Miss Olga Pulch and Gladys Schuhart of San Antonio were the guests of Miss Edna Graff, Sunday.

Charles Graff, Sr., was up from the farm Tuesday and dropped around to the printshop to move up his dates for the Anvil Herald and Farming. Although Mr. Graff had been a successful stock man and farmer before this editor knew his alphabet, yet he finds pleasure in perusing the columns of our farm paper. Mr. Graff had serious trouble in some parts of his farm this year with the corn root worm, and is preparing to rotate to an oat crop on the infected area if rains come in time for seeding. Mr. Graff thinks it useless to try to grow corn where the root worms are any way numerous.

An inspector of the food department of the State Department of Health was here recently making an inspection of establishments handling all kinds of food supplies. The law requires all handlers of food supplies to have health certificates. While he found no serious defects here he recommended a more prompt disposal of all trash and other refuse as a sanitary precaution—a suggestion that no one should object to, as it also tends to reduce fire hazards. Although, he gave Hondo a pretty good record, particularly our milk supply which he classed as very satisfactory.

B. H. Brucks, one of the Anvil Herald's subscribers from its earliest days, was a business caller at this office Saturday. Mr. Brucks has given up farming and is now devoting his time to carpentering. He took Saturday off to attend the races and meet his old friends for a little social diversion.

Judge A. M. Lamm, following several years precedent, was the first to pay his taxes. Col. W. B. Odom was a close second. No poll taxes had been paid up to noon Thursday. Rolf Balzen motored over from Knippa Friday to visit friends and look after business. While here he paid this office a pleasant call. We learned from him that he returned Saturday from a three week's stay at a hospital in Savannah, Missouri, where he had been treated for cancer. The treatment there is given by the application of medicine and not the use of the knife. Several were removed from Mr. Balzen and he was pronounced cured, but he expects to return to the institution next spring for examination. Mr. Balzen's friends rejoice with him in his restoration to health.

Monkhouse & Starnes are erecting a 30x60 ft. grain warehouse with a 6 ft. platform on the railroad siding just west of the Alamo Lumber Co.'s lumber yard. Misses Ruth Fly, Elizabeth Fly, Evelyn Wilson and Lucille Newton and Mr. Will Earnest Newton left the first of the week for Georgetown to enter the Southwestern Methodist University where they will attend school for the ensuing term. This paper wishes the young people a successful year's work.

Mr. and Mrs. Ernest C. Martin came over from Pearsall Friday to attend the funeral of Mrs. Henry Finger at D'Hanis. Mr. and Mrs. Martin just recently moved into their new home, a very attractive and up to date bungalow with all modern conveniences.

Prof. J. L. Williams and J. H. Ney were over from D'Hanis Tuesday on business. We learned from Mr. Ney that his father, J. B. Ney, had gone to Austin for treatment for a cataract in one of his eyes. Mr. Ney's friends wish him a speedy restoration to health.

Frank Jungman has gone to Torreon, Mexico, where he is connected with a big cotton firm. He writes that that is a wonderful cotton country, the production per acre being much greater than in this country.

J. P. Lippold dropped in on us yesterday and made us feel good to the value of a renewal subscription. Mr. Lippold is kept busy these days keeping up with cotton ginnings for Uncle Sam.

We are pleased to acknowledge receipt of a complimentary ticket to the Pearsall Fair October 8-11th. This year's Fair at Pearsall promises to be fully up to former standards.

HEAD-ON COLLISION.

A bad wreck, caused a head-on collision occurred on the Southern Pacific railroad about 9:35 Friday morning when east and west bound freight trains met on the curve just beyond Noonan.

Engineer Puckett, and Conductor Johnson, of the east bound train were killed, the fireman saved his life by jumping. The engineer on the west bound train escaped injury by jumping while the fireman of that train sustaining minor injuries in jumping. Both the engines were badly damaged, and the track was blocked for several hours, the train due here at 1:46 p. m. not arriving until 4:00 p. m.

An emergency call was sent to all the physicians of Hondo and they hurried to the scene of the wreck but other physicians living nearer preceded them, and the Hondo physicians found but little that they could do when they arrived.

Conductor Johnson was riding in the engine cab with the engineer when the accident occurred. Both the dead men's homes are in San Antonio, but we are not advised as to their dependents. Neither are we advised as to which train had the right-of-way. Just who was to blame, if anyone, we suppose will come out in an investigation that will certainly be conducted by the officials of the road.

FIRE COMPANY MEETING.

A well attended meeting of the Hondo Volunteer Fire Department was held at the fire house Monday night. In anticipation of the early arrival of the big pumper for the fire department, the principal purpose of the meeting was to organize a crew to man the new machine when it arrives. In naming the crew the department showed good judgment in the following selections, men good and true in every particular: Herman Weynand, George Schuehle, Andrew Bless, Wm. Ney, Franklin Walker, Ernest Boehle, Alfred Breiten, Oscar Filliman, Earl Boon, Sidney Fly, Edwin Bendele and Alios Horning.

This machine is expected daily, but as it is coming on its own wheels no exact advance date of its arrival can be positively stated. The last information received from the company having the contract stated it was in the paint department, and would soon be ready for delivery. With this equipment added to that already received the alarm of fire will not strike the dread in the heart of our people heretofore experienced.

TRACTOR SCHOOL A SUCCESS.

CARTER & BADER, were well pleased with the attendance and interest of the people at the Tractor School and Demonstration given by them on the 26th and 27th of September. They are of the opinion that same was a great help in the way of securing orders for Tractors, and people are beginning to wake up to the necessity of securing the best and most modern equipment in order to farm and do other similar work on a paying basis.

Mr. King, Ford Motor Company representative, who conducted the Demonstration—or rather assisted by making a great talk on the uses, etc. of the Fordson Tractor—was also highly pleased with the great attendance and believes the time is not far off when practically every farmer that makes farming pay in this community will own a Fordson Tractor and the other modern equipment that makes farming pay.

CORN SHELLER FIRE.

The blowing of a fire alarm by the whistle at Hollaway's gin about noon Wednesday brought a quick response from the volunteer fire boys and the citizenship generally.

Fire was discovered in some shucks and trash under the tractor that was pulling the corn sheller for Frerichs & Schweers on a lot just west of the gin. Just how it caught no one seems to know, as the exhaust pipe from the engine goes out over the top of the engine, but before it could be put out the wind had fanned the flames over a huge pile of shucks and by the time the fire boys reached the scene the flames had enveloped the machinery and it looked as if the entire outfit would be a total loss. Prompt use of chemicals held the flames in check until a chain could be hitched from a tractor to the sheller and the elevator and they were dragged from the burning shucks and corn. Aside from burning some of the wood work the machines were not materially damaged. A line of hose was stretched from the fire plug at the Hondo Mercantile corner and the flames were finally subdued, but not until about a hundred bushels of ear corn and a large quantity of shucks, some of them baled, had been destroyed.

Messrs. Frerichs & Schweers think their loss will not greatly exceed two hundred dollars. There was no insurance.

LADIES' "FORTY-TWO" CLUB.

Mesdames P. Jungman, Henry Merriman and Garland Martin very delightfully entertained the members of the Ladies' Forty-two Club Thursday afternoon.

Five tables of players participated in the fourteen spirited games played. High score was won by Mrs. W. H. Smith, whose score card showed eleven games to her credit. Mrs. L. E. Heath and Mrs. L. J. Brucks tied for low score with four games each.

The name of Mrs. P. P. Brewster was added to the club's membership list and Mrs. Bedmark of San Antonio was a club guest for the afternoon. A color scheme of pink and green was carried out.

Graceful tendrils of Queen's Crown hung from the tops of the refreshment booths and bouquets of the same beautiful fall blossoms, in crystal vases, formed the centre table decorations. A delicious repast consisting of sandwiches and hot chocolate was served to the following: L. J. Brucks, Robert Bendele, L. E. Heath, Mimke Muennink, R. J. Noonan, W. H. Smith, Leo Schweers, Frank Bedmark of San Antonio, Horace Bradley, F. S. Cockrell, P. Jungman, Garland Martin, Oscar Schuehle, Chas. Monkhouse, P. P. Brewster, Fletcher Davis, H. J. Meyer, Hy Merriman, C. J. Schuehle, Frank Schweers, and Earl Starnes.

The hostesses for the next meeting which is to be held next Thursday, October 9th are Mrs. H. J. Meyer, Mrs. O. H. Miller and Mrs. Charles Monkhouse.

RODEO DAY IN HONDO.

Last Saturday* was a great day for Medina county sportsmen and a great crowd was present. Lariat artists were in their element all day, though a part of the afternoon was given over to horse-racing.

The first race in the afternoon was a Sweep Stakes event, five two year Jimmie Gray colts being the contestants in a quarter of mile dash for a purse aggregating \$250. In this race, T. O. Brackenridge, entered by Robt. Burrell, took first place, Texas May, entered by John Hoffman, second place; and Paul Revere, entered by E. H. Frerichs, third place. The colts got away in good style and it was a pretty race. The colts all performed well and it leaves no doubt that some great horses will soon be another asset of Medina County.

In the second event, a matched race between Boll Weevil, entered by F. G. Senne and Mountain Joy, entered by Albert Reitzer, 550 yards for a purse of \$400. Mountain Joy took the money. This too was a great race, but Mountain Joy was a little too fleet footed and took the race by a good lead.

ON THE RUN.

The Overland car, announced in last week's paper to begin a 54-hour non-stop endurance run, got away promptly on the dot at 10 o'clock Thursday morning. The judges, J. M. Finger, H. F. King and Fletcher Davis, with S. G. Carter driving, took the first ride and covered ten miles during the first thirty minutes of the run. During the run the car is covering all parts of Medina County and up to the hour of going to press was still going strong.

The run stops at four o'clock this afternoon, and you can guess up to the last moment, but you had better get them in early.

BACK FROM QUARANTINE ZONE.

In response to a telegram to come to Houston at once, Tick Inspector H. F. Wurzbach left Thursday night of last week for that point. He had been called by the State Live Stock Sanitary Commission to confer with others, including officials and experts from the Federal Department of Agriculture, over the foot and mouth disease that recently broke out in Harris County.

A clearly defined infection has been discovered in three herds—one of which contains a number of very valuable Brahma cattle—and a total of 1900 head are involved. The cattle were all rounded up, a huge ditch had been dug and it was planned to kill the entire 1900 head, cover them with quick lime and bury them in this ditch on Thursday.

Mr. Wurzbach left Wednesday to return home, the day before this slaughter was to take place.

With the consent of the state authorities, the Federal authorities have taken full charge. With the killing of the infected animals, a thorough disinfection of all contaminated premises and the killing of wolves, cats, etc., that might transmit the disease it is hoped to stamp out the infection. Strict quarantine regulations are being enforced and it is not probable there will be any spread of the disease.

It is costing a considerable sum of money to carry on this work of eradication but if it is successful it will be money well spent.

While the general public and cattle men particularly will be put to some inconvenience during the quarantine, Mr. Wurzbach does not anticipate any very serious trouble, unless the disease should become more wide-spread than now seems probable.

ARMISTICE DAY CELEBRATION.

Hondo is preparing to properly celebrate Armistice Day and the whole county will be invited to come, be our guests and celebrate with us. The celebration will be sponsored by the American Legion, the Chamber of Commerce, The Hondo Fire Department and the Medina County Race Association. At a meeting held Wednesday night to consider the matter soliciting committees were appointed and the generous response that they are meeting with on the part of the people leaves but little doubt that ample funds will be forthcoming with which to finance the undertaking.

While no definite program has as yet been formulated, it is proposed to have a barbecue, calf roping, horse-racing, football and other athletic sports. In fact, an effort will be made to have a program so varied that everyone will find something that particularly appeals to them.

Every other Armistice Day celebration that Hondo has staged has been a great success and the one now proposed will equal any of its predecessors. Come bring your friends and be Hondo's guests on the 11th of November.

MAY PRODUCE YET.

When the cap was pulled off the Wolff well on the Mofield ranch a few days ago oil was standing to within four feet of the top, according to workmen employed on it. It will be remembered that this well was plugged up and left several months ago after having shown several good indications of oil. It is believed, after this showing, that the well may yet be brought in as a paying producer.

D. 1924, at the Court House thereof, in Hondo, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

(L. S.) S. A. JUNGMAN, Clerk County Court Medina County, Texas.

HONDO BOYS AT SCHREINER.

Tony Windrow of Hondo was a good general for Coach Roy G. Neely's Schreiner Institute eleven in a very hard game with Daniel Baker at Brownwood last Friday. Schreiner lost, 26-7, but it was a good game just the same. This is Windrow's second game; he played quarter during the first game of the season when Schreiner defeated Main Ave. 18-0. He has a cool head, good judgment, and his fast footwork makes him a good ground gainer.

J. C. Merriman, another Hondo man, has a good chance for an end position of Coach Neely's Schreiner eleven. Merriman is quick on the get-off and his defensive will give any opposing backfield a trouble or two.

5 ELEPHANT HERDS IN PLACE OF THREE.

Ringling Bros. and Barnum & Bailey Increase Entire Program in Like Proportion.

Traveling on a hundred railroad cars carrying more than 1600 people—including 800 of the greatest men and women stars ever assembled—the Ringling Bros. and Barnum & Bailey Combined Shows will exhibit in San Antonio October 16.

The 1924 program of the Greatest Show on Earth introduces a policy of augmentation in every department. For the first time in history five troupes of performing elephants are presented in place of three. These number three companies of giant tusklers in the rings and two herds of baby elephants on steel-structured stages. Splendid troupes of trained Russian stallions have been added to the European equine displays, and menage and high-school horse numbers increased in like proportion.

Equestrianism is one of the outstanding features. May Wirth, the greatest of all bareback riders; the entire Wirth family, the hurricane comedy rider, "Phil, the marvel," the Kieffenschach Sisters, performing sensational acrobatic feats on running horses, but suggest the calibre of the more than seventy equestrians presented. No less amazing are the scores of modern physical culture champions who perform aloft in the mammoth big-top. Bertha Beeson, premier high-wire artist, leads an entire congress of mid-aerial stars. Lily Leitzel, most noted of all aerial gymnasts, heads a world-famous galaxy of fair women athletes. Lillian Kincaid is foremost among beautiful girls who perform in "revolving cloud swings" at the very dome of the tent. Jenny Rooney leads a score of artists on the single and double trapeze.

Further pursuing their policy of bigness in displays throughout the entire length of the main-tent, the Ringling Brothers have united the famous English Clarkonians with the American Nelsons in super-casting acts. This augmented company of artists are pitted against the Silbon, Siegrist and Neapolitan troupes in the most remarkable aerial-casting acts ever seen in a circus big-top.

In contrast with the human side of the Big Show are two hundred trained wild animals numbering lions, tigers, coal-black panthers and giant polar bears, exhibited in four big steel arenas. In addition are the "hundred funniest clowns on earth," scores of stage and hippodrome displays, a gorgeous opening pageant of fairland features, and a menagerie of more than a thousand rare animals.

PEOPLE WOULD PAY IF RAILROADS WERE GOVERNMENT OWNED

Third Party Plan Would Take Revenue From States Involved.

If the railroads of the United States should be taken over, owned and operated by the government, the vast taxes now paid by the railroads would have to be paid by the people, according to Will R. Wood, member of congress from Indiana and chairman of the Republican National Congressional committee. Mr. Wood has made a careful analysis of the situation, noting the tax payments by the railroads to the several state governments last year.

If the roads were owned by the government they would be tax free just as the post offices now are. The states would still need the money, just as they do now, and as a result additional taxes would have to be levied on the citizens.

Mr. Wood's complete analysis follows:

"Robert M. LaFollette, the Socialist-third party candidate for President, is trying to convince 6,000,000 farmers that the surest cure for their ills is to bring about government ownership of all the railroads in the country; that, if this is done, transportation rates of all kinds would be immediately reduced.

"There are a lot of things, however, that would transpire if this scheme were carried out, that Senator LaFollette is woefully silent upon. He is not telling the farmers that the government pays no taxes on its properties and that it would pay no taxes on the railroads of the country if it owned them. He is not telling them that the railroads are paying into the various county and state treasuries of the United States more than \$300,000,000 annually, which sum would have to be paid, in large part, by the farmers, once the government began the ownership of the railroads.

"Take the state of Wisconsin for instance: Last year the railroads paid the state of Wisconsin \$7,321,976 in taxes. In the state of Minnesota the railroads paid, last year, a total tax to the state of \$8,425,982. In Iowa they paid \$6,849,703; in Kansas, \$6,739,346; in Indiana, \$13,094,627. In these five states alone the railroads paid \$42,451,634 of the public tax burden. I have taken the figures in the above named states because they are largely agricultural and in the event that the government became the owner of the railroads of the country the farmers of these states would have to bear the greatest part of the burden in paying these additional taxes.

"In the state of Iowa if the LaFollette scheme were carried out, it would mean an increase of \$32 in taxes annually levied against each farm in the state, or \$2.80 for each man, woman and child in the state. In Kansas the burden would be \$40 against each farm or \$3.90 for each resident of that state. In Minnesota, where Mr. LaFollette is making a strong appeal for votes, he would take away from the farmer, under the government ownership plan, a tax income now paid by the railroads and place it as an additional assessment of \$47 against each farm in the state, or \$3.80 against each person residing in that commonwealth.

"I am told that, in one county in Montana, the total tax paid by the railroads amounts to 28.51 per cent of the entire levy. In midsummer of this year there was \$104,102 of the total tax assessed in that county delinquent upon which a penalty had been laid. This is convincing evidence that this county was already taxed much more than it was able to pay. Yet Mr. LaFollette would take away 38 1/2 per cent of the tax revenue of this county, now being paid by the railroads, and place it as an additional burden upon the individual taxpayer.

"In my own state of Indiana, the railroads pay \$13,094,627 in taxes annually. The total tax of the state is \$124,806,790. The railroads share of this tax is over 10 per cent. If Mr. LaFollette's scheme were put into effect, the individual taxpayer of Indiana would have to pay this additional sum of \$13,094,627 each year. In Marion county the railroads pay annually \$715,388 in taxes, a very substantial item in the total of the taxes paid in that county.

"The figures that I have given, applicable to the five agricultural states named, differ only in degree from those that might be given for every other state in the Union.

"Not only would the farmers be burdened by the payment of these additional taxes, should the government become the owners of the railroads, but they would also have an additional burden to bear, the size of which it is hard to ascertain, in the shape of deficits occurring in the operation of the railroads of the country for maintenance, extensions and upkeep.

"Some idea of what this burden would be, may be had, however, by recalling the experience during the period of government operation of the railroads under the management of William G. McAdoo, when the amount of the deficit over the earnings of those railroads taken over by the government was more than a million dollars a day, exclusive of the payment of exorbitant salaries to an army of officers.

"The farmers of this country, before they accept the panacea of government ownership of railroads, which is but a forerunner of the socialistic state, will do well to 'Stop, Look and Listen,' now.

FOOTBALL SATURDAY.

The first football game of the season was played Saturday at the race-track grounds between St. Mary's Academy of San Antonio and the Hondo High School team.

The Hondo team fought hard, but were unable to match the visitors. Breaking through the Hondo line in the second quarter and blocking a punt, Preston, St. Mary's Academy center, picked up the ball and carried it over the line for the only touchdown of the game Saturday. St. Mary's won, 6 to 0.

The team fought back and forth up the field for the full four quarters and the game was in doubt until the final whistle blew. Preston's flashy bit of playing was all that kept the game from being a 0 to 0 tie. Lyons, captain and left end for the Catholics, also played an excellent game, being a almost every play.

Hondo was particularly good on short passes and gained most of their ground in this manner. The high school gridsters found it an impossibility to make any yardage through the St. Mary's line.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Medina County—GREETING: YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, Anita Luna de Nira, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo on the 20th day of October, A. D. 1924, then and there to answer a Petition filed in said Court, on the 16th day of September, A. D. 1924, in a suit numbered on the docket of said Court No. 3044, wherein Salomon Nira is plaintiff and Anita Luna de Nira is defendant.

The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff alleges that he is, and has been, for a period of twelve months prior to exhibiting the petition herein, an actual bona fide inhabitant of the State of Texas, and has resided in Medina County for at least six months next preceding the filing of this suit. That during the month of March, 1922, in Medina County, Texas, the plaintiff was lawfully married to the defendant then a single woman by the name of Anita Luna, and that they thereafter continued to live together as husband and wife for a period of about four months, when the defendant gave birth to a baby; that after said baby was born the defendant proceeded to give the baby away and then permanently deserted and abandoned the plaintiff, since which time they have never lived together as husband and wife. Plaintiff avers that during the time that he and defendant lived together as aforesaid he at all times was kind and affectionate towards her, always performed his marital duties as a true and loyal husband should perform them, that he provided a good home for said defendant and kept her supplied with all of the necessities of life and that he is in nowise to blame for her conduct and desertion. That defendant is now living in adultery with a man by the name Leon Reyes, and has been continually living with him since about the 1st day of August, 1924. That defendant's conduct in disposing of their child, her subsequent desertion, and present living in adultery, have caused this plaintiff great mental suffering, and are of such a nature as to render their ever living together again as husband and wife, insupportable, the premises considered. That said marriage relations continue to exist. Wherefore, plaintiff prays the court that defendant be cited to appear and answer herein and for a judgment dissolving said marriage relations, for costs of suit, and for further relief, general and special, in law and in equity, that he may be justly entitled to.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how, you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 17th day of September A. D. 1924. Issued same day.

RESULTS THAT LAST!

Proven by Hondo People.

Thousands of kidney sufferers have tried remedy after remedy with only temporary benefit. That's mighty discouraging! But one kidney remedy has earned a reputation for lasting results and there's plenty of proof right here in Hondo.

Read the experience of one who used Doan's Pills years ago and now makes her endorsement even stronger.

Mrs. Heyo Schweers, Hondo, says: "I had an attack of kidney trouble. My kidneys acted irregularly and caused annoyance and there were other ailments arising from disordered kidneys. I believe the trouble was brought on by a cold which settled in my kidneys. Doan's Pills from Windrow's Drug Store corrected the trouble which has never returned."

FOUR YEARS LATER, Mrs. Schweers said: "I have had no occasion to use Doan's since they cured me."

D'HANIS NEWSLETS

Miss Lillian Wernette
to whom all items intended for this column should be handed not later than Wednesday noon of each week. Miss Wernette is authorized to collect and receipt for money due this paper.

MRS. HENRY FINGER.
It becomes our sad duty to announce the passing away of a highly esteemed and good Christian woman.
The subject of our sketch, a native of Medina County, was born on the Rothe ranch near D'Hanis, on April 18, 1884, and died at Hondo, Sept. 26, 1924, having attained the age of 40 years, 5 months, 8 days. Two weeks prior to her death she was taken to Hondo for medical treatment where, in spite of all that medical science and loving hands could do for her, she grew weaker and weaker and succumbed Friday night.
She was happily married to Mr. Henry Finger on May 1, 1907, in the Catholic Church at D'Hanis, to which union five children were born, two daughters and three sons.
She leaves surviving, besides her left-stricken husband and children eight brothers, namely: Augustus, John and Ernest of San Antonio, Henry, Jacob, Arthur, Charles and Earl of D'Hanis and one sister, Mrs. E. Albrecht, of D'Hanis.
The funeral services were held Sunday morning, Sept. 28th, at 9:00 a. m., after a Requiem High Mass at the Holy Cross Church here. Her remains were interred in the Catholic cemetery. Rev. F. Maas performed the last sad rites of the Catholic church of which deceased was a long member. She was too well known in D'Hanis and Medina county to need any eulogy on our part, and the immense throng which flowed her earthly remains to their resting place, was sufficient testimony to the esteem in which she was held by all who knew her.
A devoted wife, a loving mother and a kind and accommodating friend, a neighbor has gone to her reward. The pall-bearers were: J. J. Couture and C. J. Schuehle of Hondo, Pete Koch Jr., Chas. Hubbard, Martin Nester and Louis Carle of San Antonio.
The entire community sincerely sympathizes with the bereaved ones in their hour of sorrow.

Miss Conrenlia Koch, Aggie Carle, and Agnes Rothe of "Our Lady of the Lake" spent the week-end here. Mr. and Mrs. W. A. Enderle and Mr. Horace, and Tom Enderle of San Antonio attended the funeral here Sunday.
Mr. and Mrs. John Mueller of San Antonio spent Sunday here with relatives.
Mr. and Mrs. Jno. Rieber motored Hondo Monday.
Mr. and Mrs. H. C. Rothe of San Antonio spent Sunday here.
Eddie Mueller accompanied his father, Mrs. John Gersdorf, to San Antonio Saturday.
Mrs. W. F. Knippa of Knippa was here for the funeral Sunday.
Mr. and Mrs. Wm. Grimsinger and John Koch of San Antonio visited at the home of Mr. and Mrs. O. Reinhart Sunday.
Mr. and Mrs. M. S. Koch of San Antonio visited relatives here Sunday.
Mr. and Mrs. John Rothe, Mr. and Mrs. Augustus C. Rothe and Ernest of the San Antonio attended the funeral of their sister, Mrs. Henry Finger, here Sunday.
Mr. and Mrs. Henry Meyer and children of Dunlay were here Sunday. A large crowd from Hondo attended the funeral here Sunday. It is impossible to mention all of the ones.

SPEED AND SUSPICION.

"Oh, nothing," replied the manufacturer, "only I've got the car." Vibrator.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
To the Sheriff or any Con-
stable of Medina County—GREET-
ING:

YOU ARE HEREBY COMMAND-
ED, That by making Publication of
this Citation in some newspaper pub-
lished in the County of Medina, for
four weeks previous to the return day
hereof, you summon William Means,
and the unknown heirs of the said
William Means, deceased, whose resi-
dence is unknown, to be and appear
before the Hon. District Court, at the
next regular term thereof, to be hold-
en in the County of Medina, at the
Court House thereof, in Hondo, Texas,
on the 11th Monday after the
first Monday in August, 1924, the
same being the 20th day of October,
A. D. 1924, then and there
to answer a Petition filed
in said Court, on the 9th day of Sep-
tember A. D. 1924, in a suit num-
bered on the docket of said Court No.
2040, wherein Lee Ward, P. S. Ward,
H. G. Wilson and Wesley Ward, are
plaintiffs, and William Means, and
the unknown heirs of the said Wil-
liam Means, deceased, are Defend-
ants. The nature of the plaintiffs'
demand being as follows, to-wit:

That plaintiffs own by a good and
valid title in fee simple, all that
certain piece, parcel and tract of
land, lying and being situated in Me-
dina County, Texas, described as fol-
lows:—654 acres of land, of the
League of land known as Survey No.
764, in the name of Adam Coble,
Beginning at the S. E. Corner of a
160 acre tract of land, out of the N.
E. Corner of said League, and at a
point in the East line of said League
950 vrs. South of its N. E. cor-
ner from which a mesquite 19 in. in
dia. and marked — near the
ground fixes the corner; thence West
along the South boundary line of said
160 acre tract of land and the South
boundary line of a 947 acre tract of
land, out of said League 6695 vrs.
to the West line of said League and
the S. W. cor. of said 947 acre tract;
thence south along the West bound-
ary line of said League 535 vrs. to a
stake and mound on said boundary
line for S. W. corner of this tract of
land; thence East 6695 vrs. to a
stake and mound on the East bound-
ary line of said League for the S.
E. corner of these 654 acres of land;
thence North along the said East
boundary line of said League 535
vrs. to the place of beginning; That
plaintiffs, Lee Ward and P. S. Ward,
obtained the title to said land by
virtue of a Warranty deed from C.
L. Kilgore and Wife, Anna R. Kil-
gore, dated November 30, 1899;
that plaintiff, Lee Ward, still owns
all that part of said tract of land,
lying West of the Hondo-Kilgore and
Frishtown 3rd class public road; and
that plaintiff H. G. Wilson owns a
part of said tract lying East and ad-
joining said public road; and that
plaintiff, Wesley Ward, owns a part
of said tract between the Wilson
part and the East line of said tract
of land; that plaintiffs, H. G. Wil-
son and Wesley Ward, hold under
and by virtue of deeds from plain-
tiffs, Lee Ward and P. S. Ward, and
their assigns, and their title to said
land is based upon the title of said
Lee Ward and P. S. Ward, the other
plaintiffs herein, that if it should be
found by the Court that these plain-
tiffs do not own said land in fee
simple by and through a regular and
consecutive chain of title, then these
plaintiffs say and aver that plaintiffs,
Lee, and P. S. Ward entered upon
the above described land, and took
exclusive possession thereof on or
about November 30, 1899, under and
by virtue of their deed to said land
from C. L. Kilgore and wife, which
said deed was duly filed by them for
record in the County where said
land was located on the 11th day of
December, A. D. 1899, and that from
that time, continuously, for more
than five years thereafter said plain-
tiffs, Lee, and P. S. Ward, had the
actual adverse, peaceable, continuous
and uninterrupted possession of said
land, cultivating, using and enjoy-
ing the same, paying all taxes there-
on, claiming the title to said land
under and by virtue of the aforesaid
deed for the full period of five years
or more, and that during such time
the title of plaintiffs, Lee and P. S.
Ward, to said land was never at any
time questioned or disputed by any
one, wherefore if defendants, or any
of them ever had any cause of action
for any claim, right, title or interest
in and to said land, such cause of ac-
tion is barred by the statute of limi-
tation of five years, which title so
acquired they herein specially plead;
that it should be found by the
court that these plaintiffs do not own
said tract of land under and by vir-
tue of the five year statute of limi-
tation, then these plaintiffs say and
aver that they and those under whom
they claim title, have had and held
peaceable and adverse possession of
all of said land, cultivating, using
and enjoying the same for more than
ten years next preceding the filing
of this suit, and also that plaintiffs
Lee and P. S. Ward, had and held
adverse peaceable possession of said

land and premises, cultivating, using
and enjoying the same for full ten
years next succeeding the acqui-
sition of said land by them from C. L.
Kilgore and wife, on November 30,
1899; that said land was enclosed
during all of said period of time by
a good substantial fence, and that
plaintiffs, during all of said time,
claimed, used and occupied said
land openly and notoriously as their
own land and adversely to the
whole world, wherefore these plain-
tiffs say that they have a good
and perfect title to all of said land
under and by virtue of the ten
year statute of limitation, which
title so acquired they here now plead;
that the defendants assert some right,
title, claim or interest in and to said
land, all of which constitutes a cloud
upon the good title of plaintiffs to
said land, and that plaintiffs are en-
titled to and should have judgment
against said defendants, and each
of them establishing, maintaining
and quieting plaintiffs' title to said
land and every part thereof; plain-
tiffs pray that defendants be cited
to appear and answer herein as re-
quired by law, and that upon a hear-
ing hereof they have judgment es-
tablishing maintaining and decreeing
to them and each of them the title to
their respective parts of said land,
and that the cloud be removed from
plaintiffs' title caused by defendants'
claim thereto, and that the title to
said land be vested in plaintiffs free
of any right, title, claim or interest
which said defendants or any of them
may have in and to said land, and
plaintiffs pray for such other and
further orders or decrees, legal or
equitable, to which they may be
justly entitled.

HEREIN FAIL NOT, and have you
before said Court, on the said first
day of the next term thereof, this
Writ, with your endorsement thereon,
showing how you have executed the
same.

Given under my hand and seal
of said Court, at office in Hondo this
8th day of September A. D. 1924.
Issued same day.
(L. S.) AUGUST KEMPE,
Clerk District Court, Medina County,
Texas.

AS TO OUR WATER SUPPLY.

A circular sent out recently by
State Health Officer, Dr. Malone
Duggan, classifies the towns of Tex-
as in three grades, A, B and C.

Grade A represents those whose
water supplies that are reasonably
safe for drinking purpose at all
times; it also indicates that monthly
reports are submitted by these towns
to the State Board of Health, giving
data concerning daily operation of
the water plant and the method of
Laboratory control.

Grade B represents towns whose
water supplies do not come up fully
to the State Board of Health regula-
tions, but suggested improvements
are being made.

Grade C indicates that the public
water supply in the listed towns has
been found unfit for drinking pur-
poses except when boiled or other-
wise treated.

Hondo, along with the majority
of the towns, falls in class B.
